Total One DS is our premium hard coat Portland cement stucco system, which incorporates our Total Stop RA liquid-applied moisture barrier, a designed drainage plane, a time-saving Total One Coat stucco base and our highest performance Total Wall Synthetic Finish Coat.

Total One DS can be applied over any frame and sheathing substrate and is eligible for an extended Total Wall system warranty. Available in unlimited colors and a variety of textures, Total One DS provides a premium performance, highly durable and impact resistant natural cladding system.

- **Energy Efficiency:** Typical R 1.5 based on average combined sheathing and stucco layers.
- **Substrates:** Any exterior frame/sheathing wall substrate
- **Design Elements:** Requires use of control joints, two layer of moisture barrier, full designed drainage plane, can employ reveals and trims, high impact resistance
- **Sustainability:** Low VOC, low toxicity, employs recycle content.
TOTAL ONE DS
Drainable Stucco System

- Framing
- Approved Sheathing
- Drainage Plane
- Total Stop RA Roller Applied Membrane Moisture Barrier
- Sheet Applied Moisture Barrier
- 2.5# Self Furring Galvanized Diamond Wire Mesh or Approved Equal (Lapped into Casing Bead)
- Total One Coat Stucco
- Total Wall Finish Coat
- Weatherproofing Tape (Applied Over Total Stop RA and Flashing)
- Casing Bead
- Drainage Vent or Sealant w/ Weeps Spaced @ 12" O.C.
- Flashing w/ Sealant (By Others)
